

042 Gymleco Legcurl Standing

010 series, Plate Loaded

This Gymleco machine makes any attempt at cheating futile. Like the seated legcurl (art 041), this machine is equipped with two flat pads, one under the calf and the other over the shin allowing the knee joint and muscle may work freely.

This machine is a big favorite among both women and men that is looking for a great machine for their legdays.

- Standard frame color: Black
- Standard cushion color: Black or Red
